Our History

St. Johannes College was founded
in **1962** by
Dr. Thomas T.S. Liang
(1925-2009).

Guided by **Virtus et Scientia** —
Virtue and Knowledge, SJC
has grown as a bilingual,
through-train school community
serving children from
Pre-Nursery to Primary 6.

1962

Then

Today

**More than six decades of
learning, character and community.**

Principal's Welcome

At St. Johannes College, we believe education is more than the accumulation of knowledge. It is about nurturing curiosity, character and confidence so that every child can thrive.

Our curriculum as well as the caring and welcoming learning environment help students grow as capable, compassionate and future-ready learners.

Pre-Nursery and Kindergarten

A nurturing start to a lifelong learning journey.

At SJC, Pre-Nursery and Kindergarten children learn through play, exploration, stories, music, movement, creative expression and meaningful relationships.

English-led learning

Daily Chinese and Mandarin

Phonics

Music and PE

Arts and crafts

Social-emotional development

Pre-Nursery: Small Steps, Big Beginnings

Our Pre-Nursery programme offers two-year-olds a warm and caring introduction to school.

Through age-appropriate routines, play and language-rich experiences, children build communication, independence, friendships and confidence.

English is the main language of instruction, complemented by daily Chinese learning, phonics, Mandarin, music, physical education, arts and crafts.

KINDERGARTEN: CURIOSITY IN ACTION

Our internationally minded, play-based and research-informed approach as the primary years of learning.

Children ask questions, explore solutions, work with peers, and connect classroom learning with the world around them..

Learning by doing, growing through discovery.

EARLY YEARS LEARNING ENVIRONMENT

Purposeful spaces help young learners feel secure, curious and ready to participate.

Our early childhood classrooms support language, social-emotional development, fine and gross motor skills, problem-solving and joyful collaboration.

Interactive
smart boards

STEAM and
Robotics Room

Vibrant play
spaces

Sensory learning
stations

Field trips and special
activity days

Every day is an opportunity to discover,
explore and grow together.

FROM EARLY YEARS TO PRIMARY

From Pre-Nursery to Primary 6,
children grow within one connected
SJC community.

A familiar environment, caring teachers
and a continuous learning journey help
students move forward with confidence.

Our Curriculum Framework

The SJC School-based Curriculum Framework is designed to align the curriculum development and learning goals of the school with the school's mission and community.

An integrated framework helps students connect knowledge, skills, values and real-world learning.

CORE VALUES

Virtue

Knowledge

Community

PRIMARY:

STRONG FOUNDATION, BROAD HORIZONS

Primary students develop the knowledge, skills and confidence needed for their next stage of education.

English

Chinese &
Mandarin

Mathematics

Science

Humanities

Music and Art

Moral
Education

Information and
Communication
Technology

Physical
Education

We encourage students to learn actively, collaborate generously and apply knowledge beyond the classroom.

BILINGUAL LEARNING AND COMMUNICATION

English-led learning is enriched by Chinese and Mandarin development, helping students communicate confidently in a multilingual Hong Kong and global context.

English — confident communication, literacy and expression

Chinese — language development through appropriate learning pathways

Mandarin — listening, speaking and cultural connection

More languages. More ways to connect.

STREAM

Robotics and Digital Readiness

SJC equips learners for a technology-rich future through STREAM learning, hands-on robotics, smart classroom technology and responsible digital citizenship.

hkpc Academy 生產力學院

YOUR **FUTURESKILLS** GROWTH PARTNER

STREAM Learning

AI and robotics exploration

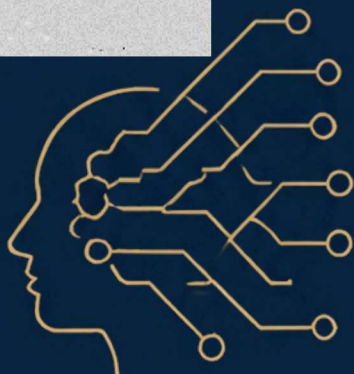

Cambridge Computing Curriculum for upper primary

HKPC Academy robotics partnership

Creative inquiry and project work

Students move from understanding concepts to applying ideas and creating solutions.

READING FOR LIFE

DEAR Time

Drop Everything And Read

FREE LIBRARY

Leave a Book

No Checkout

No Deadlines

DEAR Time provides students schedule time each day to read for pleasure, strengthening literacy, imagination, creativity, critical thinking and comprehension.

**Campus
Free
Library**

**Independent
reading habits**

**Primary
newspaper
subscriptions**

**A daily
culture of
curiosity.**

**A child who reads widely is
ready to keep learning.**

OLE

OUTER LEARNING

Learning Beyond the Classroom

Through a **balanced curriculum** encompassing **Ethics, Intellect, Physical Development, Social Skills, Artistics and Aesthetics**.

SJC supports students' **holistic development** as lifelong learners.

Projects, sport, performance, activities and service help children build confidence, teamwork, reflection and life skills.

Active, informed and responsible citizens

Respect for diverse values and interests in the arts

Healthy lifestyle

Career aspirations and a strong work ethic

CLAPS:

Special School Programme

We are proud to offer a range of special school programs designed to enhance our students' educational experience and personal development.

The CLAPS program focuses on essential qualities that are crucial for personal and academic success.

Character Building

We identify our students' strengths and build upon them.

Leadership Qualities

We equip our students with the skills to lead, take responsibility, and develop confidence.

Awareness of Oneself & Others

We guide our students in understanding their strengths, fostering empathy and emotional intelligence and inspiring those around them.

Project-Based Learning

We encourage collaboration and critical thinking, allowing our students to engage in hands-on experiences that deepen their understanding of real-world issues.

Serving the Community

We instil a sense of responsibility and promote community engagement within our students, teaching them the importance of giving back and making a meaningful difference.

Character, Leadership and Service

Through challenges, kindness campaigns, leadership moments, project learning and community service, students practise the values they learn.

Values become meaningful when children practise them every day.

A Vibrant School Life

Education at SJC extends beyond academic lessons. Students discover interests, build friendships and grow in confidence through sport, music, performance, service, and extracurricular activities that open doors to leadership opportunities.

Discover strengths

Build friendships

Celebrate achievement

AMERICAN
★ INTERNATIONAL SCHOOL ★

SJC students may be considered for progression to American International School Hong Kong (AIS), subject to AIS's prevailing entry requirements, admissions criteria and confirmation.

AIS

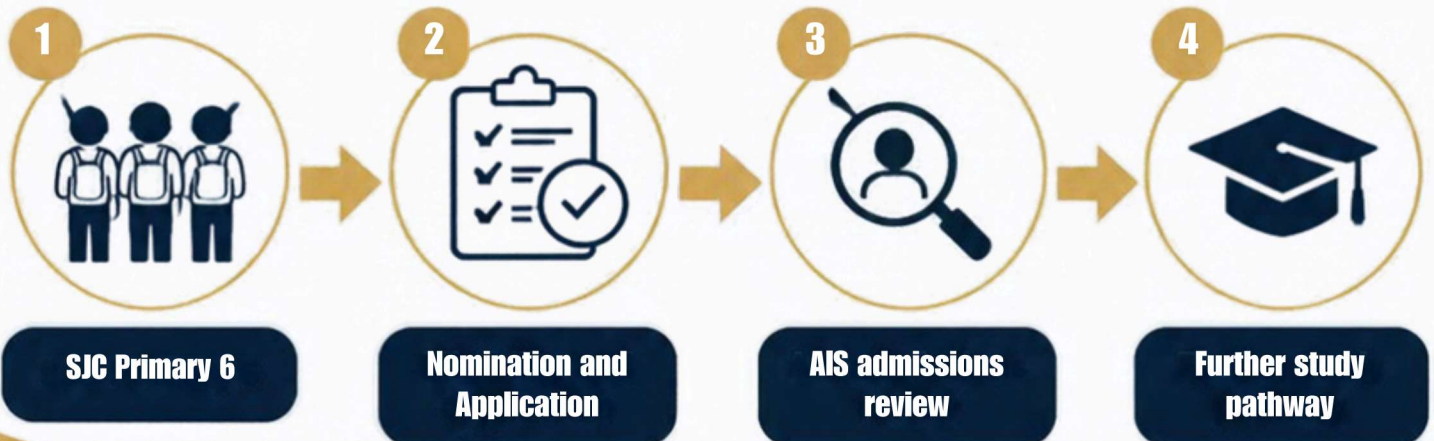

FURTHER STUDY PATHWAY

Eligible students who meet the relevant basic criteria may apply through the current admissions process.

Admission is not automatic and families should confirm the latest requirements directly with AIS.

Our Heritage and Community

Established in 1962 by Dr. Thomas T. S. Liang, SJC has dedicated over six decades to quality, well-rounded education within a nurturing environment.

Guided by Virtus et Scientia — Virtue and Knowledge (1990) 1997, our community thrives together tradition, innovation and care.

Two campuses, one connected community:
109 Waterloo Road for Pre-Nursery, kindergarten and Primary 1
143 Waterloo Road for Primary 2 - 6

Join the SJC Family

Begin your child's journey at St.
Johannes College.
